Convenience and privacy combine in the 1,610-square-foot Britannia ranch. In the front of the home is the second bedroom, a full bath and flex space/third bedroom...ideal for remote working or use as a library, den or craft nook. On the opposite side of the home lies the primary suite where a walk-in closet and personal bath with ceramic shower and double-bowl sinks add a touch of luxury. The everyday living spaces—kitchen, breakfast area and great room—come together across the back of the home for a wide-open layout that works as well for gatherings as it does for spending time with just the family. A laundry room and 2-car garage are included, too.
