The 2-story Monterey offers today's popular open-concept design with the added bonus of bedrooms upstairs for privacy. Expanding the living space on the main level is a sunroom off the breakfast area/kitchen where a center island with a sink creates a convenient work station and unites the space with the adjoining great room. A powder room with gracious pedestal sink is tucked out of the way yet close to everyday activity. The entire first floor is accented by 9-foot ceilings. On the second-floor, the primary bedroom has been upgraded with a grand private bath and 2 walk-in closets to create a true haven for relaxing. The 2 secondary bedrooms, 1 with a walk-in closet, share a full hall bath and are just steps from the laundry room and linen closet. A full basement adds extra space to the 1,616-square-foot Monterey at Savannah Cove in Merrillville.
