Classically styled, the 2,115-square-foot Lancaster has everything today's household needs: 4 bedrooms, 2-1/2 baths, and a luxury primary suite with big bedroom, walk-in closet and private bath. On the first floor are 9-foot ceilings and a flex space that can serve as a home office or homework station. The oversized great room is comfortable for everyday activities as well as get togethers. For more formal entertaining, there's a separate dining room off the kitchen. A pantry, 5-foot center island, quartz countertops and 42-inch cabinets add functionality and flair to the kitchen while an expanded basement provides abundant storage space.
